

North East Hampshire and Farnham Vanguard: working together for a healthy population

Primary and Acute Care System Programme Update for the Governing Body

September 2015

Contents

- **The Vanguard Vision**
 - The ambition: refresh
- **The opportunities presented by Vanguard**
 - Local people
 - Commissioners
 - Providers
- **Progress update**
 - Developments to date
- **Next Steps**
 - Focus over coming months

A shared vision to improve health and wellbeing

The shared ambition of local commissioners and providers of health and social care is to introduce a fundamentally different model of service delivery, co-designed with local people.

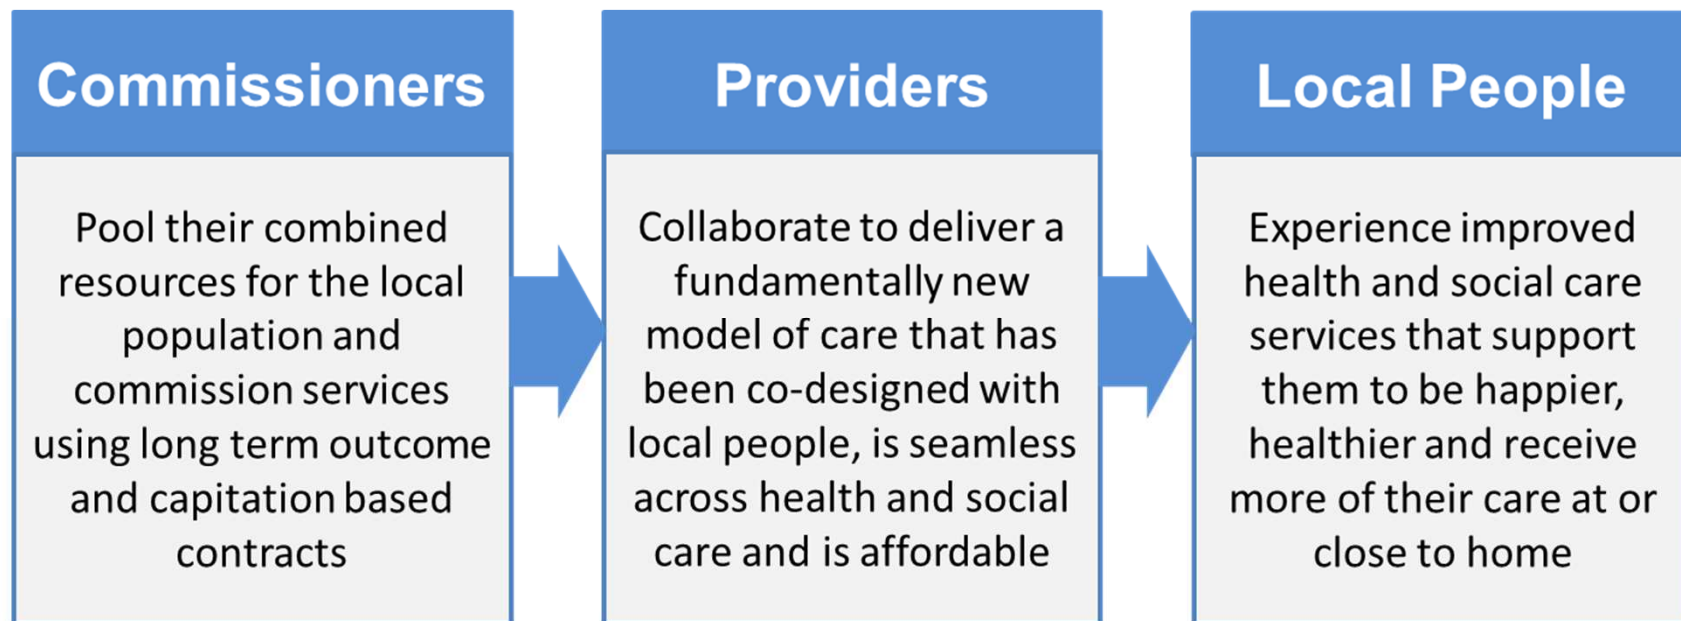

OUR VISION

Our vision is that local people are supported to improve their own health and wellbeing, and that when people are ill or need support, they receive the best possible joined up care

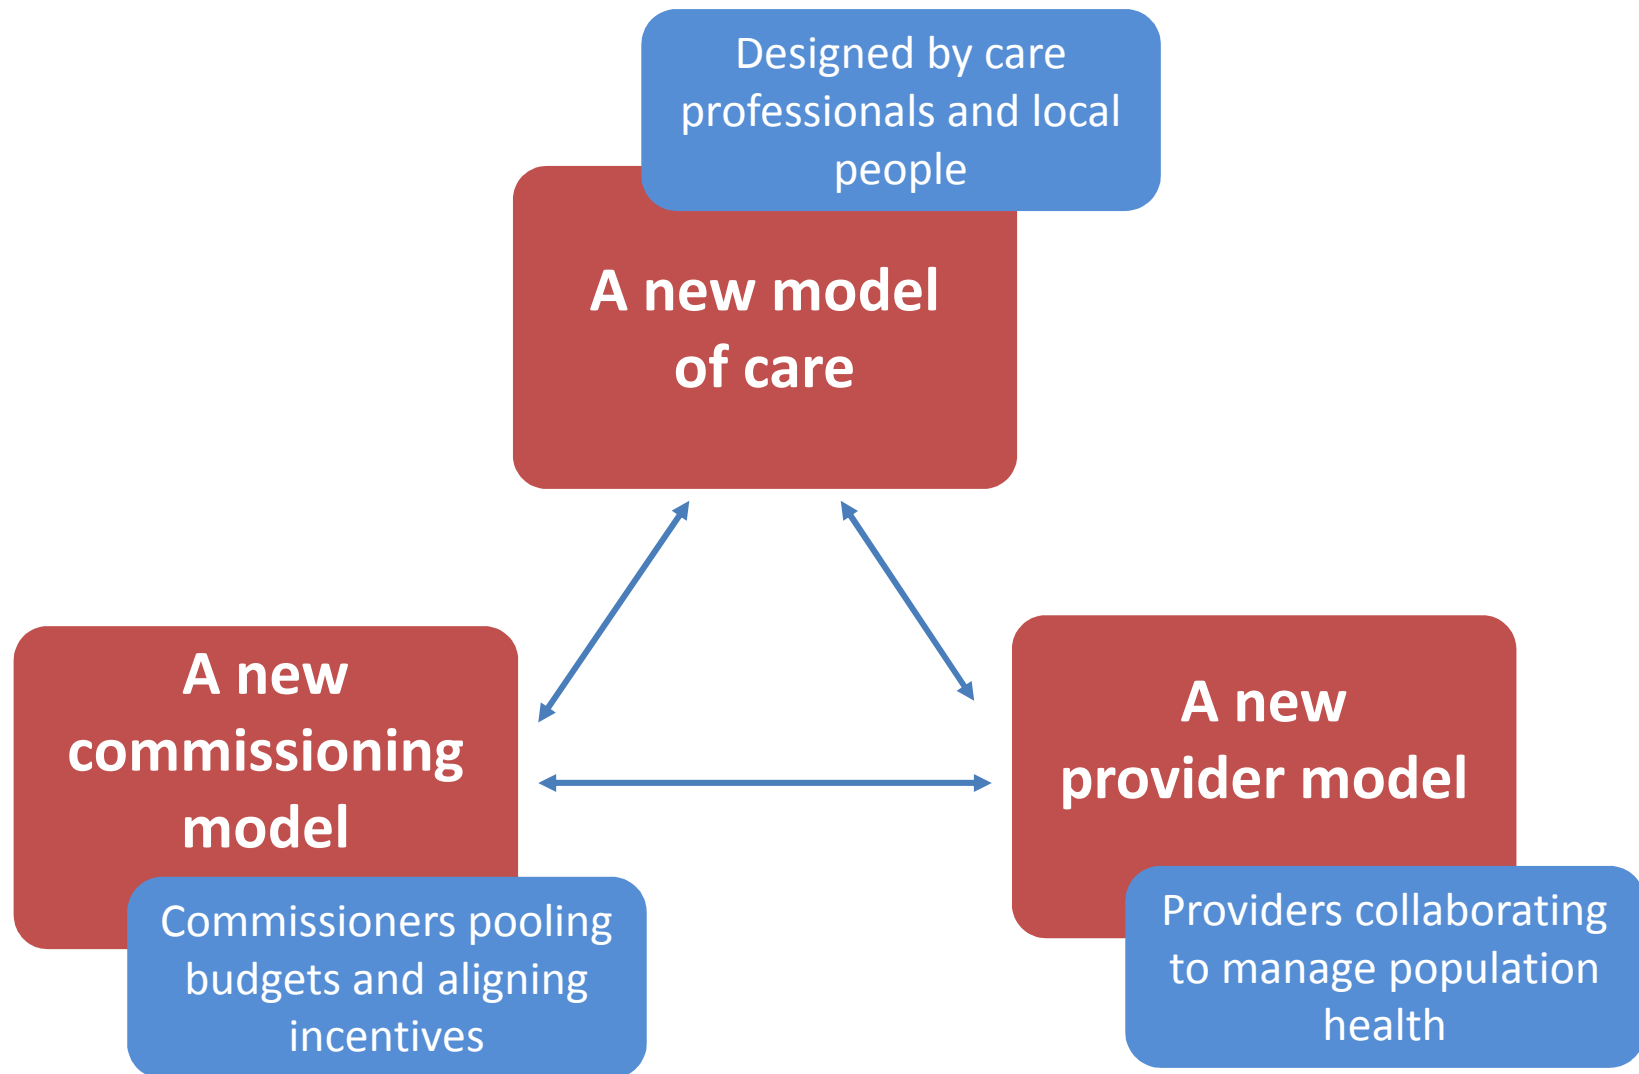

Happy. Healthy. At Home, and Reduced Costs

The vanguard programme provides the opportunity to accelerate the pace and scale of change in North East Hampshire and Farnham

Through the programme we are changing the way we commission and provide care, in order to deliver our vision for local people

Our programme

North East Hampshire and Farnham Vanguard

A new model of care

**System wide
prevention
and self care**

Primary care at scale

**New partnerships for acute
care in the community**

North East Hampshire and Farnham Vanguard

Progress update 1/2

- **Local Integration Hubs**
 - Multi-disciplinary Teams established in each locality
 - Now meeting weekly to improve care for those with the most complex needs
- **Prevention work programme – priority areas identified**
 - Social prescribing/Making Connections
 - Healthy Living Pharmacies
 - Caring for Carer
 - Crisis cafe
- **Engagement and co production**
 - Community ambassadors
 - Advertisement in local newspaper asking the community to become engaged and involved
 - Positive responses received
 - Network session held in August 2015
 - Kings Fund: Collaborative Pairs

Progress update 2/2

- **Value proposition (business case)**
 - The business case has been developed
 - Waiting for approval in respect of £3.65m to support the initial phase of the work in 2015/16
 - The principles underpinning the work have been shared and agreed
 - The resources will be used to:
 - Release individuals to be involved in the programme – designing and delivering change e.g. target investment to release individuals to dedicate their time to fully engage in the design and delivery of the new models of care
 - Pilot new approaches and services, and double running where necessary e.g. investment has already been made to fund 5 MDT administrators
 - Invest in the key enablers for change e.g. developing intra-operability solutions including investment in short term actions to improve IT and information sharing this winter

The Focus for the next 3-4 months

- **The development and implementation of a Primary Care Strategy** including supporting the development of Salus Medical Services (Primary Care Federation)
- **Multi disciplinary team meetings**
 - Expanding and include more services
 - Estates and IT infrastructure to support integrated working
- **Agreeing how more acute care can be provided in the community**
- **Commissioning model** - considering the extent to which all commissioners in the system can commission together
- **Co-production event Tuesday 22nd September 2015**
 - Raise awareness of the objectives of the programme.
 - Share and testing the work so far.
 - Jointly co produce the messages going out to the rest of the system about this work
 - Next steps towards full public involvement in delivering this work
- **Estates and IT**
 - Strategic estate planning across 7 key partners
 - Building on Hampshire Health Record as a key platform to support integrated working
